Marking Scheme – English Language & Literature
(SUBJECT CODE 184)
(PAPER CODE 2/1, 2/2, 2/3, 2/4)

General Instructions: -

1. You are aware that evaluation is the most important process in the actual and correct assessment of the candidates. A small mistake in evaluation may lead to serious problems which may affect the future of the candidates, education system and teaching profession. To avoid mistakes, it is requested that before starting evaluation, you must read and understand the spot evaluation guidelines carefully.
2. **a. The marking scheme carries only suggested value points for the answers**
b. These are only guidelines and do not constitute the complete answer.
c. The students can have their own expression and if the expression is correct, the marks be awarded accordingly.
d. The candidate would be permitted to obtain a photocopy of the Answer Book on request in an RTI application and also separately as a part of the re-evaluation process on payment of the processing charges. All Evaluators/Additional Head Examiners/Head Examiners are once again reminded that they must ensure that evaluation is carried out as per value points for each answer as given in the Marking Scheme.
3. **“Evaluation process is confidential. Sharing any part of the document/ information related to this, publishing it in any magazine and printing in News Paper/Website/Social Media. etc may invite action under IPC.”**
4. Evaluation is to be done as per instructions provided in the Marking Scheme. It should not be done according to one’s own interpretation or any other consideration. Marking Scheme should be strictly adhered to and religiously followed. **However, while evaluating, answers which are based on latest information or knowledge or any innovative idea related to the question concerned, they may be assessed for their correctness and marks be awarded to them. In class-X, while evaluating competency based questions, if the given answer is not from marking scheme but correct, marks should be awarded with the consultation of the Head Examiner (HE).**
5. The Head-Examiner must go through the first five answer books evaluated by each evaluator on the first day, to ensure that evaluation has been carried out as per the instructions given in the Marking Scheme. The remaining answer books meant for evaluation shall be given only after ensuring that there is no significant variation in the marking of individual evaluator.
6. **All the Head Examiners/Additional Head Examiners/Evaluators are instructed to mark (✓) wherever answer is correct. For wrong answer ‘X’ (Cross) be marked. Evaluator will not put right (✓) kind of mark casually / out of habit / unintentionally while evaluating which gives an impression that answer is correct and no marks are awarded or vice versa. This is the most common error which evaluators are committing.**
7. If a question has parts, please award marks on the right-hand side for each part. Marks awarded for different parts of the question should then be totaled up and written in the **left-hand margin** and encircle it. **This may be followed strictly.**
8. If a question does not have any parts, marks must be awarded in the left-hand margin and encircled. This must be followed strictly.
9. If a student has attempted an extra question, answer of the question deserving more marks should be retained and the other answer should be scored out.
10. No marks to be deducted for the cumulative effect of an error. It should be penalized only once.
11. A full scale of marks for example 0-40 marks as given in Question Paper has to be used. Please do not hesitate to award full marks if **the answer deserves it.**
12. Every examiner has to necessarily do evaluation as per CBSE directions every day and evaluate 30 answer books per day in main subjects and 35 answer books per day in other subjects (Details are given in Spot Guidelines). This is in view of the reduced syllabus and number of questions in question paper.

13. Ensure that you do not make the following common types of errors committed by the Examiner in the past:-
 - Leaving answer or part thereof unassessed in an answer book.
 - Giving more marks for an answer than assigned to it.
 - Wrong totaling of marks awarded.
 - Wrong transfer of marks from the inside pages of the answer book to the title page.
 - Wrong question wise totaling on the title page.
 - Wrong totaling of marks of the two columns on the title page.
 - Wrong grand total.
 - Marks in words and figures do not tally.
 - Wrong transfer of marks from the answer book to online award list.
 - Answers marked as correct, but marks not awarded. (Ensure that the right tick mark is correctly and clearly indicated. It should not merely be a line. Same is with the "X" (Cross) for incorrect answer.)
 - Half or a part of answer marked correct and the rest as wrong, but no marks awarded.
14. While evaluating the answer books if the answer is found to be totally incorrect, it should be marked as cross (X) and award zero (0) Marks and encircle it.
15. Any unassessed portion, non-carrying over of marks to the title page, or totaling error detected by the candidate shall damage the prestige of all the personnel engaged in the evaluation work as also of the Board. Hence, in order to uphold the prestige of all concerned, it is again reiterated that the instructions be followed meticulously and judiciously.
16. The Examiners should acquaint themselves with the guidelines given in the **Guidelines for spot Evaluation** before starting the actual evaluation.
17. Every Examiner shall also ensure that all the answers are evaluated, marks carried over to the title page, correctly totaled and written in figures and words.
18. Each blank page must be crossed and signed and marks should be written in words by the examiner after the last question attempted with his/her examiner's number stating /showing that nothing has been written by the candidate.

Best wishes !
